Following these steps will allow you to create and submit an application to a second program at the Viterbi School of Engineering:

1) Go to the online application login page here:
   http://www.usc.edu/admission/graduate/applyonline/ and select the "create account" button, it looks like this:

2) Enter your Account Profile information EXACTLY as you had when you created your previous account.

3) After agreeing to the Terms of Use on the next screen, the system will generate your new PIN and will allow you to log in.

4) After logging in, select the "Application for Admission" link.

5) The system should display a message (like the one below) that your account profile has been matched:

6) After selecting Yes, you will then continue into your new application and most of your information will have already been entered by the application system.

7) Make sure you choose the **same term** as you had indicated on your previous application and then select your new program of study.

8) Please check for additional requirements for your new program of study.

9) After completing your new application, please proceed to submission. You will not have to pay an additional application fee.

10) Repeat the process for your other desired programs.

Remember, each time you create an account you will receive a new PIN. Please keep track of each PIN as you will need them to log back into each of your applications.
